Description

Learning games/puzzle activities for kindergarten & preschool children. To teach your kiddo ABC, rhymes, counting, tracing, colors, shapes, vegetable/fruit/sports charts. The interactive learning is a great mode of education as toddlers enter kindergarten as kinesthetic learners(age 2-6 yrs).

Kindergarten Kids Learning Top Features:

- Attractive and colorful designs and pictures for young kids.
- Learn alphabets with charts and fun quizzes.
- Learn to count and math for preschoolers with our number's charts.
- Learn about rhymes and poems.
- Learn to write alphabet with our alphabet tracing for English, Spanish, and Hindi.
- Color books and stickers.
- Sing and dance with your preschoolers.
- And many other kindergarten games and learning activities!

Whether you are parents or kindergarten teachers, you can use the activities for preschoolers and kindergarten kids at home or in class. Engage your toddlers in fun kids activities to keep them from doing mischief because they are bored. Let them learn basic early education topics such as shapes, math, ABC, rhymes, sports, vegetables, colours, counting and much more.

So, download Kindergarten Kids Learning for FREE now and discover all educational games for preschoolers that will keep your kids happy and active.

You can also check out other applications of Greysprings "Play and Learn" series:

The BAFTA-winning pre-school learning show Numberblocks brings you Numberblocks Card Fun!

As seen on Cbeebies.

This app features four game modes and five packs of cards offering 60 levels of different gameplay that will help you help your child with their numeracy skills. It features Numberblocks 1 to 10.

Snap - Find a snap when you see two cards with matching values, this could be Numberblock One and one Apple or numeral six and six Numberblobs.

Match - Turn over the cards to find matching pairs of card value. The values could be anything from a mix of things to stamps.

Add it up - A series of addition equations that feature different card packs and card values. You will be adding Numberblocks, Stamps, Things, Numberblobs and numerals.

Take it away - A series of subtraction equations that feature different card packs and card values. You will be adding Numberblocks, Stamps, Things, Numberblobs and numerals.

When a level is completed a new one with increasing complexity will unlock. Also, your card packs will increase in size with larger values helping to offer a challenging experience that will help your child to progress with their number literacy.

This app does not contain any in-app purchases or involuntary adverts.

Alphablocks - Letter Fun for iOS

By Blue-Zoo **\$1.99**

Developer's Description

By Blue-Zoo

Alphablocks is the hit TV show that is helping millions of children learn to read the fun way. Meet all the Alphablocks from A to Z and learn your letters and sounds with four unforgettable phonics mini-games and a singalong song. (British English).

MEET THE ALPHABLOCKS

Every Alphablock is designed to make their letter and sound easy to learn. Alphablock A says a! when an apple lands on her head - and so on. Now you can get to know the Alphablocks, interact with the alphabet and get hands-on with letters and sounds.

MINIGAMES

Learn your letters and sounds with four great minigames per Alphablock -- over 100 learning activities in total:

Bubble pop! -- match letters to sounds by popping the bubbles that match the letter sounds you hear.

Paint me -- listen to letter sounds as you paint each Alphablock with your finger and find out why they make that sound.

Favourite things -- listen out for words that begin with each letter sound and pop them into each Alphablock's collection of favourite things.

Hide and seek -- listen carefully to tell letter sounds apart and spot the cloud each Alphablock is hiding behind.

ALPHABLOCKS LETTER SONG

Sing along with the Alphablocks as they all get together to sing their letter sounds in a mnemonic song that helps your child remember which letter makes each sound.

LETTER SOUNDS AND NAMES

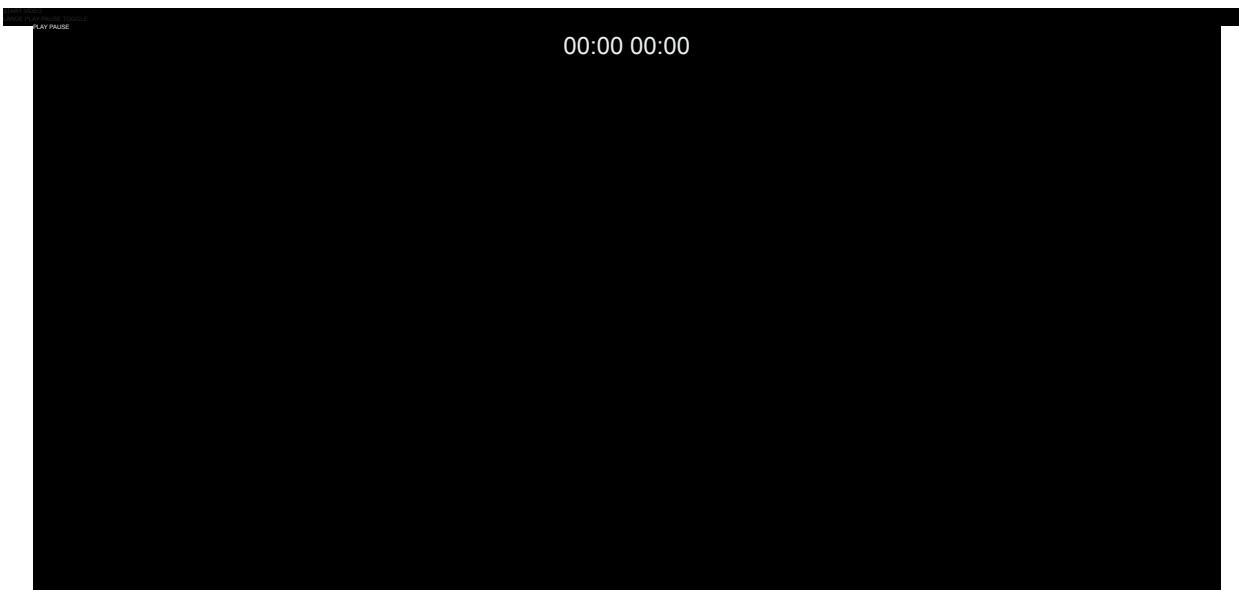

When your child has mastered their letters and sounds, change to Letter Name mode and have fun learning all the letter names too.

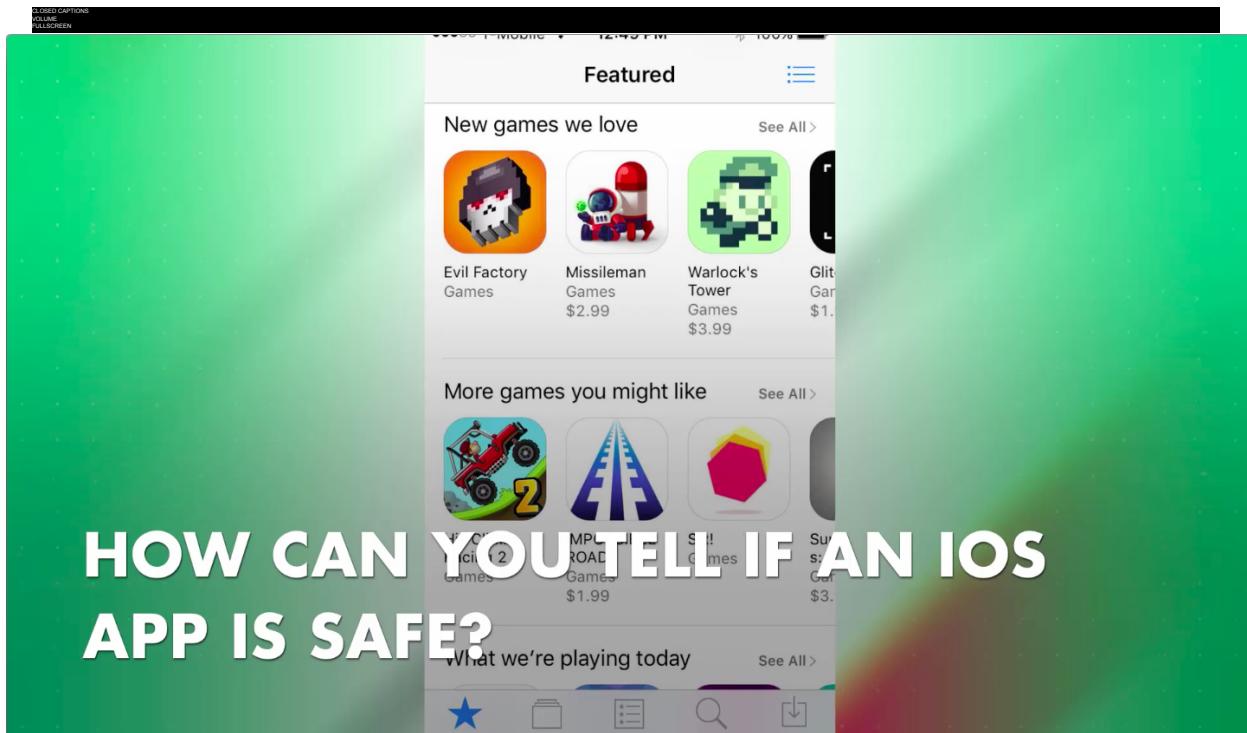

EARN STARS

Every minigame earns a star. Collect all four stars to watch the Alphablock sing their line from the Alphablocks letter song. Can you light up all the stars for all your Alphablocks? (The app tracks your progress between visits. You can reset it if you want to start again or to let a friend or sibling play.)

FULL OF GOOD PHONICS

Alphablocks is made by teachers and reading experts. It's all built around systematic synthetic phonics, as taught in UK schools. Alphablocks is a step-by-step reading system with episodes, books and more that has helped over a million children learn to read the fun way.

10 Levels. Over 850 Lessons. More than 10,000 Individual Learning Activities.

More than 850 Lessons Across 10 Levels

The Step-by-Step Learning Path presents the full ABCmouse.com curriculum in a carefullydesigned program of more than 850 lessons in ten levels. Asyour child completes each lesson, he or she is guided to the next one and is motivated to continue learning by ABCmouse.com's Tickets and Rewards System.

"Love the progressive activities! I don't have to take the time to search for activities for my 3-year-old, and my 5-year-old just follows along when she's playing by herself... So I know everyone's doing the right things for their ages!"

—Crystal, mother of 3- and 5-year-old girls

Available on **computers, tablets, and smartphones!**

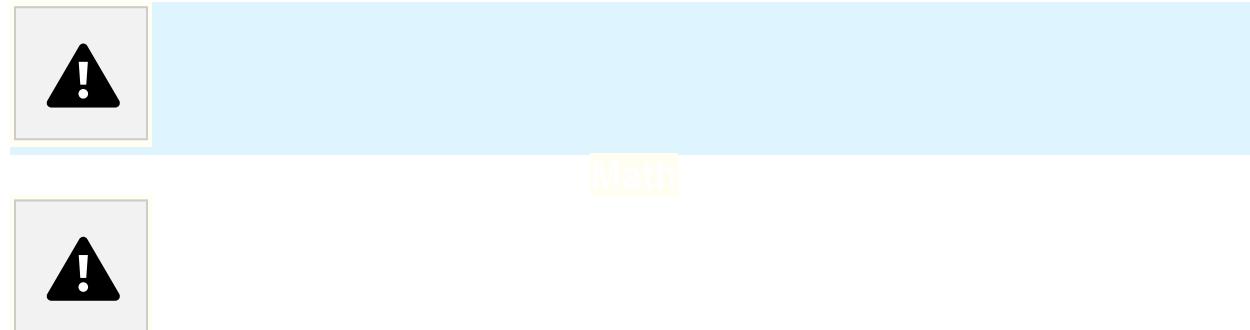

Subjects
SCIENCE AND LANGUAGE ARTS

The Reading Curriculum Includes:

- Uppercase and lowercase letter recognition
- Phonics
- Rhyming words and word families
- **More than 450 books** and beginning readers
- Sentence structure
- Parts of speech

ABCmouse.com's reading curriculum spans the entire range of early reading, from learning the names of each letter and the sounds they represent to being able to read books, starting with a few words on a page and gradually advancing to paragraphs.

The curriculum for first grade also includes writing and language skills, such as sentence structure and punctuation, parts of speech, and practice with writing genres.

The Math Curriculum Includes:

- Recognizing and counting numbers 1–120
- The base ten system
- Place value
- Addition and subtraction
- Names and attributes of 2D and 3D shapes
- Length, time, and money measurement

ABCmouse.com teaches numbers, addition and subtraction, shapes, patterns, measurements, and more! Our games and creative activities make math fun while giving young learners the practice they need to build a strong foundation for success.

The Science and Social Studies Curriculum Includes:

- The body and health
- Plants and animals
- Weather, climate, and the seasons
- Earth's environments
- Maps
- Regions of the United States

- The Solar System
- Matter and its properties

Science and Social Studies

ABCmouse.com's science and social studies curriculum helps children understand the world they live in and inspires curiosity.

Art & Colors

The Art & Colors Curriculum Includes:

- Primary and secondary colors
- Shades of colors
- Paint-by-number activities
- Number and letter dot-to-dots

ABCmouse.com's unique drawing and painting program gives children of all ages the opportunity to use lines, shapes, and colors to create original works of art. Games, books, paint-by-number activities, and puzzles teach children to name and use a variety of colors.

"My daughter loves this site! She has learned so much more than I thought she could learn at her age. ABC's are her favorite things to do, and since I started her on this website she has learned to read words well above her age level."

—Morgyn, mother of a 2-year-old girl

Award-Winning Homeschool Resources

One of the Best Homeschooling Resources for Your Child!

ABCmouse's high-quality curriculum has thousands of learning activities to support your child's education at home!

Backed by research and designed in collaboration with nationally-recognized childhood education experts, ABCmouse's supplemental homeschool curriculum includes:

- **Books**
- **Games**
- **Puzzles**
- **Learning Videos**
- **And Much More!**

[See what these homeschooling parents have to say about ABCmouse.com!](#)

Activities

Animations

ABCmouse.com's curriculum includes hundreds of highly entertaining animated activities, each teaching a specific learning topic. From Prospector Paul discovering new letter combinations to King Grammar explaining proper nouns to his villagers, these animated videos engage children while they learn.

Games

ABCmouse.com features hundreds of fun and interactive games, each designed to teach a specific educational concept. Your child can play games to learn the alphabet, to learn new words, to learn about numbers and shapes, and even to learn about the planets! Since all of the games on the site include voiced instructions, they are easy for even young children to learn and play.

Books

With more than 450 traditional and original stories and nonfiction books, ABCmouse.com's library opens a door to worlds of knowledge, adventure, and fun for children. Every topic of our curriculum—whether it is the sound of a letter, counting 1–100, the four seasons in the year, or regions of the United States—is explained in child-friendly language in one of our library books.

Songs

ABCmouse.com's music collection features original songs about every letter of the alphabet and many other topics of our curriculum, as well as newly produced and recorded children's classics. The variety of music on our site not only reinforces the other subjects but also introduces children to a range of musical styles and themes. Your child will love to sing along!

Puzzles

Find hundreds of jigsaw and cutout puzzles designed to help develop problem solving and critical thinking skills. Puzzles also help children remember important ideas and skills in reading, math, science, art, social studies, and music. There are puzzles for every letter of the alphabet, sight words, stories, numbers, shapes, animals, the base-ten number system, elements of fiction stories, and many, many other topics.

Art

With many different types of art activities—including coloring pages, dot-to-dots, paint-by-numbers, traceables, and printables—ABCmouse.com helps children learn reading, math, and other subjects while they are expressing themselves artistically.

Printables

ABCmouse.com has more than 2,000 printable activities across reading, math, art and colors, and more. We encourage children to continue their learning offline with printable activities that include letter and number tracing, coloring, dot-to-dot pictures, paint-by-number drawings, mazes, and pattern recognition activities.

More Features

Progress Tracker

It's easy to see how much progress your child is making with the ABCmouse.com Progress Tracker. In addition to the display of total number of learning activities completed in each category (books, songs, puzzles, games, and art), there are easy-to-read graphs that show progress both by academic level and by curriculum subject.

Tickets and Rewards

ABCmouse.com encourages children to complete learning activities by rewarding them with tickets. Tickets can be used to “purchase” virtual items on the site, such as new fish for the classroom. The Tickets and Rewards System makes learning a game, and also teaches important math skills as children keep track of tickets earned and spent.

Customizable Avatar

The avatar is a character that your child can choose to represent him or herself while on ABCmouse.com. There's a broad choice of avatar features and clothing, and other avatar-related items that can be purchased with tickets.

ABCmouse.com's zoo allows children to interact with realistic zoo animals, including elephants, lions, monkeys, zebras, penguins, and more! Learn facts about each animal and read books, play games, and do puzzles and art activities for each one.

Your child can choose exotic tropical fish and other items to put in the Classroom Aquarium and learn lots of interesting fish facts at the same time.

Interactive Farm

ABCmouse.com's interactive farm features horses, chickens, cows, and more! Watch beautiful animations of our farm animals, learn fun and interesting facts about each one, and do farm-related activities!

"My child absolutely loves everything about this site, and I see improvement in her counting and color association already. I think this site is fantastic."

—Father of a 3-year-old girl

What grown-ups are

saying

BEST APP FOR KIDS

“We subscribed to Lingokids for our little daughter before she started Pre-K and was amazed by the results! She is very far ahead amongst her peers in grasping concepts and in her learning in general. Lingokids has continued to evolve for her and keeps her extremely engaged. It's basically digital school, outside school. We love it!”

THANK YOU SO MUCH!

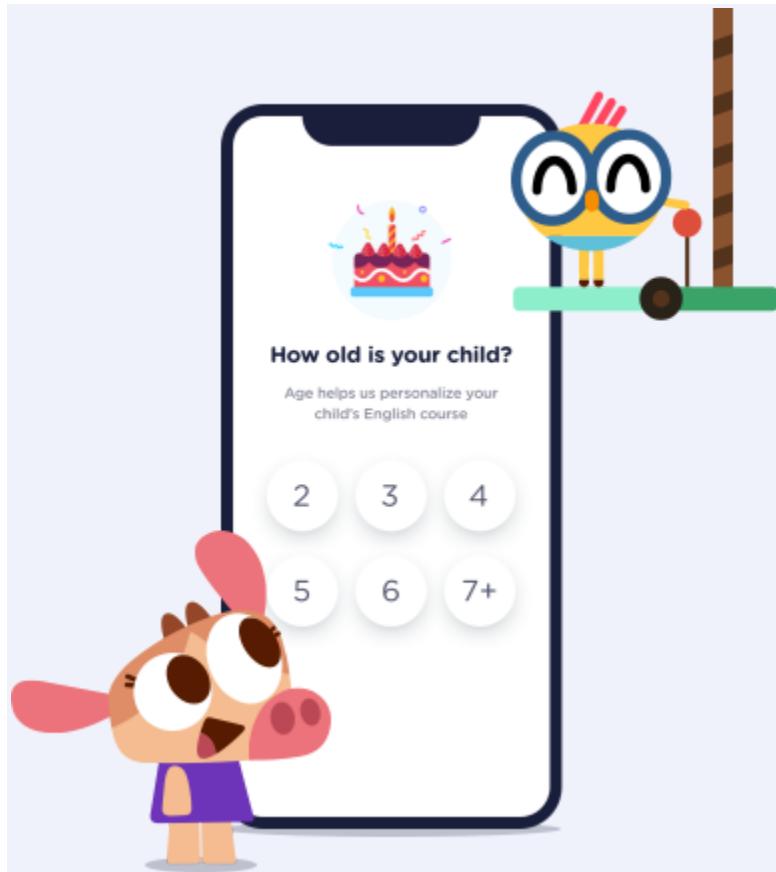

“This app enabled my 2 and 4-year-old kids to learn basic counting, reading and writing skills in an easy and funny way, I am very grateful, for I got great help from you guys. (...) We tried many Apps, but better than Lingokids bu far we really couldn't find. Thank you so much!”

WONDERFUL FOR TEACHING ENGLISH!

“Lingokids has helped my little girl since 18 months old to speak more words in English and express her feelings and emotions! I highly recommend it for any kid that needs extra help in English. Thanks Lingokids for helping my little girl!”

• **Description**

Educational 3D game for children! Build cars together with Leo the Truck. Download and play for free! This game helps develop a child's attentiveness, motor skills, and spatial thinking.

Welcome to the 3D world of Leo the Truck and his cars! In this game, a child will be on a playground where Leo's friends and work machines are. There are lots of interesting things there! Look, there's Skoop the Excavator. Help him dig a hole! The water truck calls you to take care of the flowers, and a tow truck asks to take a car to the garage. Help the cement mixer fill in the foundation and lend a hand to the garbage truck in cleaning up.

What are cars made of? What is each detail called? In the magical world of cars, a child will learn what work machines are for, will make them out of parts and take control of them. Build cars like Leo the Truck does! It's very easy to put a car together. Just drag and drop the details to the center in the right order. You cannot make a mistake or lose! After it's built, every car will come to life and get to various important tasks in a colorful 3D world.

There are 10 machines in the game such as an excavator, road roller, crane, water truck, cement mixer, and even a helicopter! Build them all and help them perform their tasks.

Those who like the “Leo the Truck” cartoon will love this colorful 3D game! Leo the Truck is an inquisitive and funny little car. In each episode of the cartoon, he builds interesting machines, learns geometric shapes, letters, and colors. It's a good educational cartoon for young children.

App features:

- Educational 3D game based on the famous children's cartoon “Leo the Truck”.
- Completely safe for children who don't have fully-developed fine motor skills.
- Helpful for developing a child's attentiveness and spatial thinking.
- Ten cars available to make and play with once they're built.
- Voiced machine parts help a child learn what cars are made of.
- Colorful graphics and various seasons.
- Professional voiceover.
- Simple and understandable interface.
- Parental controls for purchases and app settings.
- Available in several languages.

If you enjoy building cars like Leo the Truck does, we recommend you watch the cartoon on YouTube:

<https://www.youtube.com/playlist?list=PLbNIAvyHbOzb6woL7l0Js-ivl2ljJ6dlJ>

History[\[edit\]](#)

Vivo building in [Nanjing, Jiangsu](#)

In the first quarter of 2015, Vivo was ranked among the top 10 smartphone makers, achieving a global market share of 2.7%.^[5]

Since its founding in 2009, Vivo has expanded to over 100 countries around the world. International expansion began in 2014, when the company entered the Thailand market.^[6] Vivo quickly followed up with launches in India, [Indonesia](#), [Malaysia](#), [Myanmar](#), [Philippines](#), [Thailand](#), and [Vietnam](#).

In 2017, Vivo entered the smartphone market in Russia, [Sri Lanka](#), [Taiwan](#), [Hong Kong](#), [Brunei](#), [Macau](#), [Cambodia](#), [Laos](#), [Bangladesh](#), and [Nepal](#).^{[7][8][9][10]} In June 2017, it entered the [Pakistan](#) smartphone market and the Vivo brand is currently experiencing rapid growth and popularity in the country.^{[11][12]}

In October 2020, Vivo announced that it would begin to sell its products also in Europe.^[4]

On 17 December 2020, Vivo and [Zeiss](#) announced a long-term strategic partnership to jointly promote and develop breakthrough innovations in mobile imaging technology. The first “Vivo Zeiss co-engineered imaging system” will be featured in the [Vivo X60](#) series. As part of the collaboration agreement, Vivo and Zeiss will establish the Vivo Zeiss Imaging Lab, a joint R&D program to innovate mobile imaging technology for Vivo's flagship smartphones. ^[13]

In April 2021, three pallets of Vivo phones caught fire at Hong Kong International Airport, prompting a ban on air freight of Vivo phones through Hong Kong.^[14]

Marketing^[edit]

In October 2015, Vivo became the [title sponsor](#) of the [Indian Premier League](#) (IPL) under a two-year deal starting in the [2016 season](#).^{[15][16]} In July 2017, the deal was extended until 2022.^[17]

However, in response to the [2020 border skirmishes](#) between India and China, the [Board of Control for Cricket in India](#) (BCCI) was criticised in India for allowing a Chinese company to be the title sponsor of the league. Vivo and BCCI mutually agreed to suspend the deal for the 2020 season, with a clause to resume it next season.^[18]

In June 2017, Vivo reached a sponsorship deal with [FIFA](#) to become the official smartphone brand of the [2018](#) and [2022 FIFA World Cups](#).^[19] The company also signed a deal with [UEFA](#) as an official partner of the [UEFA Euro 2020](#) and [UEFA Euro 2024](#),^[20] and became a title sponsor of India's [Pro Kabaddi](#).^[21]

Vivo has a sponsorship deal with the [NBA](#) in China, with [Golden State Warriors](#) player [Stephen Curry](#). He endorses the brand in China and the Philippines.^[22]

IMEI number controversy in India^[edit]

In June 2020, the cybercrime unit of [Meerut Police](#) revealed that more than 13,500 Vivo smartphones used in India were running on the same [IMEI](#) number. The IMEI number is a 15-digit code meant to be unique to every mobile device, that may be used for tracking criminals or stolen mobile phones. By using the same IMEI number for multiple devices, Vivo could have hampered police tracking of criminals or stolen devices. In 2017, the

Telecom Regulatory Authority of India issued a statement that all mobile devices would be required to have a unique IMEI number. Failure to do so would be seen as tampering and could result in a fine or up to 3 years of imprisonment.

The events led to the police filing a case against Vivo and its service centre. The lapse reportedly came to light when a police officer gave his mobile phone to the staff at the cybercrime unit for examination, as the phone was not working properly despite being repaired at a Vivo service centre in Meerut. The cybercrime unit found that the IMEI number of the device was different from the one printed on the box, and then forwarded the IMEI number to an unidentified [telecommunications company](#) providing telecommunications services for the handset and asked for the relevant data. The company informed that as of 24 September 2019, the same IMEI number had been running on 13,557 mobile phones in different states of the country. The Meerut police reportedly handed a notice to Vivo India's nodal officer Harmanjit Singh under Section 91 of the CrPC, and also registered a case under [Section 420 of the Indian Penal Code](#).^{[23][24][25][26]}

History [edit]

Vivo building in [Nanjing, Jiangsu](#)

In the first quarter of 2015, Vivo was ranked among the top 10 smartphone makers, achieving a global market share of 2.7%.^[5]

Since its founding in 2009, Vivo has expanded to over 100 countries around the world. International expansion began in 2014, when the company entered the Thailand market.^[6] Vivo quickly followed up with launches in India, [Indonesia](#), [Malaysia](#), [Myanmar](#), [Philippines](#), [Thailand](#), and [Vietnam](#).

In 2017, Vivo entered the smartphone market in Russia, [Sri Lanka](#), [Taiwan](#), [Hong Kong](#), [Brunei](#), [Macau](#), [Cambodia](#), [Laos](#), [Bangladesh](#), and [Nepal](#).^{[7][8][9][10]} In June 2017, it entered the [Pakistan](#) smartphone market and the Vivo brand is currently experiencing rapid growth and popularity in the country.^{[11][12]}

In October 2020, Vivo announced that it would begin to sell its products also in Europe.^[4]

On 17 December 2020, Vivo and [Zeiss](#) announced a long-term strategic partnership to jointly promote and develop breakthrough innovations in mobile imaging technology. The first “Vivo Zeiss co-engineered imaging system” will be featured in the [Vivo X60](#) series. As part of the collaboration agreement, Vivo and Zeiss will establish the Vivo Zeiss Imaging Lab, a joint R&D program to innovate mobile imaging technology for Vivo's flagship smartphones. ^[13]

In April 2021, three pallets of Vivo phones caught fire at Hong Kong International Airport, prompting a ban on air freight of Vivo phones through Hong Kong.^[14]

Marketing

[\[edit\]](#)

In October 2015, Vivo became the [title sponsor](#) of the [Indian Premier League](#) (IPL) under a two-year deal starting in the [2016 season](#).^{[15][16]} In July 2017, the deal was extended until 2022.^[17]

However, in response to the [2020 border skirmishes](#) between India and China, the [Board of Control for Cricket in India](#) (BCCI) was criticised in India for allowing a Chinese company to be the title sponsor of the league. Vivo and BCCI mutually agreed to suspend the deal for the 2020 season, with a clause to resume it next season.^[18]

In June 2017, Vivo reached a sponsorship deal with [FIFA](#) to become the official smartphone brand of the [2018](#) and [2022 FIFA World Cups](#).^[19] The company also signed a deal with [UEFA](#) as

an official partner of the [UEFA Euro 2020](#) and [UEFA Euro 2024](#)^[20] and became a title sponsor of India's [Pro Kabaddi](#).^[21]

Vivo has a sponsorship deal with the [NBA](#) in China, with [Golden State Warriors](#) player [Stephen Curry](#). He endorses the brand in China and the Philippines.^[22]

IMEI number controversy in India^[edit]

In June 2020, the cybercrime unit of [Meerut Police](#) revealed that more than 13,500 Vivo smartphones used in India were running on the same [IMEI](#) number. The IMEI number is a 15-digit code meant to be unique to every mobile device, that may be used for tracking criminals or stolen mobile phones. By using the same IMEI number for multiple devices, Vivo could have hampered police tracking of criminals or stolen devices. In 2017, the [Telecom Regulatory Authority of India](#) issued a statement that all mobile devices would be required to have a unique IMEI number. Failure to do so would be seen as tampering and could result in a fine or up to 3 years of imprisonment.

The events led to the police filing a case against Vivo and its service centre. The lapse reportedly came to light when a police officer gave his mobile phone to the staff at the cybercrime unit for examination, as the phone was not working properly despite being repaired at a Vivo service centre in Meerut. The cybercrime unit found that the IMEI number of the device was different from the one printed on the box, and then forwarded the IMEI number to an unidentified [telecommunications company](#) providing telecommunications services for the handset and asked for the relevant data. The company informed that as of 24

September 2019, the same IMEI number had been running on 13,557 mobile phones in different states of the country. The Meerut police reportedly handed a notice to Vivo India's nodal officer Harmanjit Singh under Section 91 of the CrPC, and also registered a case under [Section 420 of the Indian Penal Code](#).^{[23][24][25][26]}
